NIGHT BRIDGE WORK ON NH 101 WESTBOUND IN BEDFORD

SOME US ROUTE 3 CLOSURES FROM 9/19 THROUGH 9/22/04

The New Hampshire Department of Transportation announces planned nighttime structural steel work on the NH Route 101 westbound bridge over US Route 3 in Bedford.

This work will require occasional closures of Route 3 for four nights in September. Work will take place the nights of Sunday, September 19, through Wednesday, September 22, 2004 from 9:00 pm until 6:00 am each night. The steel work operations will require the closing of US Route 3 (South River Road) under the bridge for several 15 minute time periods.

This night work is part of a project that is replacing both the NH Route 101 eastbound and westbound bridges over US Route 3 in Bedford. R.S. Audley Construction, of Bow, New Hampshire is the general contractor for the \$14.8 million project, which has a final completion date of June 2006.
